Other Conditions and Requirements:

- Incentive amounts are subject to change without notice and are subject to approval. Refer to the website for full terms and conditions.
- A RESNET Certified HERS® Rater must conduct the inspection, testing, and individual rating verification for each unit. The HERS® Rater must verify that all program requirements have been satisfied, including the specifications applicable to any additional incentive options.
- Applications must be received within 90 days of the unit's Certificate of Occupancy or Certificate of Completion.
- *For New Homes, the incentive is typically paid via ACH to the homebuilder. Homebuilder must be registered as a Vendor with the City prior to the submission of this application. Incentives for Major Remodels are typically paid to homeowner/Utility Customer via a credit to their City Utility account.
- This incentive may be combined with the City's natural gas rebate(s), where applicable. For eligibility requirements, terms and conditions, and application materials, please visit the City's website.

Applicant Attestation:

I hereby certify that the information provided above is true and correct to the best of my knowledge and authorize the City of Tallahassee to inspect all supporting documentation and the residence as necessary to verify this information.
